The Oregon Family to Family Health Information Center provides information to families who are navigating the complex world of special health care needs. We are family members ourselves, who have first hand experience raising a child or youth with a chronic health condition, developmental delay or disability, or emotional/behavioral challenges.

If you are facing dilemmas that you would like to discuss with an experienced parent, contact us toll-free at 1-855-323-6744.

Swindells Resource Center Recommended Resources

Over the years, we've compiled a list of the best websites for common diagnoses and needs: ADHD, autism, cerebral palsy, Down syndrome, premature infants, special education, speech, augmentative communication and assistive technology, and the transition to adulthood.
